

TWYDALL PRIMARY SCHOOL

SEND Policy

This is an appendix to the RMET Inclusion/SEN Policy

Introduction

The School's Policy and Implementation of SEN and Disability has regard to the '**Special Educational Needs and Disability Code of Practice: 0 – 25 years**' (January 2015), '**Medway's Children's and Young People's Plan**' (2009) and to the '**Equality Act**' (2010).

Our Setting:

Twydall Primary School and Nursery is a mainstream school with designated resource provision for children with physical disabilities and complex medical conditions.

School Ethos and Values

At Twydall Primary School and Nursery we aim to provide the very best care and education for all our children.

We strive to promote a positive and supportive, fully inclusive environment, meeting individual needs with an awareness of their diversity of needs and experiences.

We have high expectations of all our children and work in partnership with our parents. We recognise the vital role of parents/carers in their child's development. We value their views and contributions and aim to keep them fully involved in their child's education. By working together, we promote the holistic development of children to make progress and become part of our community.

We believe in the involvement of the child and the importance of taking their views into account.

When planning our curriculum, we consider the needs of all of our children and plan learning that takes into consideration their individual learning styles and provide a curriculum which is inclusive.

The school recognises the importance of early identification and assessment and we have practices and procedures which ensure that all children's needs are met.

We recognise that some children will need additional support to ensure access to the whole curriculum. We aim to provide appropriate support strategies, and if additional specialist support is necessary we will contact the appropriate external agencies and outreach teams.

We believe in a multi-disciplinary approach and actively support close links with all agencies and professionals working with the child.

Enabling pupils with SEND to engage in activities available to pupils who do not have an identified area of SEN

At Twydall Primary School, all pupils regardless of whether they are in our mainstream or specialist provision participate fully in the life of the school. We recognise that some children require more adaptations and a higher level of differentiation in order for them to participate within the mainstream curriculum. For those pupils who have a physical disability or complex medical need, there are learning support staff assigned to their year group as needed.

All extra-curricular activities, trips and sports days are planned so that all pupils can participate. The year 6 residential trip is also planned with consideration of the needs for the cohort.

Additional risk assessments and pre-trip visits are undertaken to ensure that all needs can be met on a trip in conversation with parents.

Special Educational Needs:

Children are defined as having Special Educational Needs if they have a learning difficulty that calls for special educational provision to be made for them. A learning difficulty means that a child has significantly greater difficulty in learning than most children of the same age and may require work that is 'different from' or 'in addition to' work provided for peers.

A child has a disability if they have a physical or mental impairment that is substantial and that has a long-term (lasts for more than 12 months) and adverse effect on their ability to carry out normal day to day activities or the disability prevents or hinders them from making use of the educational facilities that are generally provided for children of the same age.

Classification of Special Educational Needs:

At Twydall Primary School, we have used the categories of the SEN Code of Practice to identify areas of need:

- Cognition and Learning
- Social, Emotional, Mental Health
- Communication and interaction
- Physical and Sensory

When a child is identified as having a special educational need, they are placed on the School's SEN register under the single category of **SEN Support**, as laid down in the SEN Code of Practice (2015).

SEN Support

Parents and carers are informed and discussions take place about how parents and carers can help at home. Within this single category of SEN Support are children whose needs can be met by the class teacher through 'High Quality Inclusive Teaching', adaptations and interventions which are additional to or different from the school's usual, differentiated curriculum.

For some children with a higher level of need, the class teacher and Inclusion Manager are provided with advice and support from outside agencies and specialists to provide alternative interventions and strategies additional to or different from the strategies normally provided, this then forms a School Based plan.

Education Health and Care Plans

In cases where needs are exceptional, the school, parents/carers may request that the Local Authority make a statutory assessment of education and health needs and consider whether or not to issue an EHCP. If an EHCP is issued, the Local Authority may consider the child to require specialist provision for their education; at Twydall, as stated above, we offer designated provision for children with physical disabilities and complex medical conditions. The parents/carers views will always be part of this decision-making process.

PROVISION FOR CHILDREN WITH BARRIERS TO LEARNING.

Provision for Children who have an Education, Health Care Plan (EHCP) for a physical disability or complex medical condition

- The school is accessible to wheelchair users and adaptations have been made to enable pupils with a physical disability to access all areas of the school. There are special toilet facilities, ramps, handrails and automatic doors.
- There is a soft play room, sensory room and additional rooms for therapists and small group teaching.
- The school employs learning support assistants to facilitate access in all areas of the curriculum and to support the care needs of our pupils, including intimate care.
- There are additional, specialist resources and equipment to enable access to different curriculum areas.
- The school receives advice from external agencies and therapists.
- Teachers adapt the curriculum to guide and enhance learning. Provision maps are used to track interventions.
- There are additional toilet facilities that allow for wheelchairs and walkers or for beds for changing.
- Within the first aid room, there is an area for administering tube feeds.

We also provide for children who have learning or behavioural needs.

- The school employs Teaching Assistants who are effectively deployed to ensure pupil progress.
- Teachers differentiate at planning stages to ensure progress and success for all pupils.
- Planning at all stages reflects a variety of teaching styles.
- Children are given opportunities to learn in different styles.
- Targets are specific for individual children.
- The school has an inclusive Behaviour Policy.
- The school receives advice from external agencies and therapists.
- Intervention groups are in place for children who are underachieving or have special educational needs.

We welcome children with diverse needs and we strive to break down barriers to learning.

At Twydall Primary School and Nursery we are committed to raising achievement for all pupils. However, if the education of other children is adversely affected, or the learning gap for an individual child becomes too wide, it may become necessary to review the appropriateness of our provision for a specific child. This will be carried out following the guidance from Medway Local Authority.

ROLES AND RESPONSIBILITIES

Governing Body

- Monitors the SEN Policy.
- Ensures SEN provision is an integral part of the School Improvement Plan.
- Has regard to the Code of Practice when carrying out its duties toward all pupils with barriers to learning.
- SEN Governor(s) is/are knowledgeable about the school's SEN provision, including how funding, equipment and resources are deployed.

The Headteacher

Sharon Farish

- The Headteacher has responsibility for the management of SEN provision and the delegation of responsibilities to the Inclusion Manager/SENDCo.
- The Headteacher keeps the Governing Body fully informed.
- The Headteacher holds regular briefing meetings with the Inclusion Manager / SENDCO.

The Inclusion Manager/SENDCO

Inclusion Manager/SENCO – Nikita Roscoe

The Inclusion Manager meets regularly with the SEND Governors and provide regular reports for the Governors and the Headteacher's report

The Inclusion Manager is responsible for the implementation of the Inclusion and Special Educational Needs Policies by:

- The promotion of inclusive practices and of positive attitudes to disability
- Maintaining and updating the SEND Register
- Liaising with teaching staff, support staff and parents
- Supporting teaching staff regarding Provision Mapping
- Monitoring and reviewing Provision Maps and EHCPs
- Liaising with outside agencies, Speech Therapists, Physiotherapists, Educational Psychologists etc.
- Managing In-School Reviews (ISR)
- Managing Multi-Disciplinary Review meetings.
- The purchase and maintenance of equipment and resources to meet the individual needs of the pupils and to support teaching and learning
- Delivering INSET sessions
- Managing the effective deployment of teaching assistants and relevant training for staff
- Formulation of School Based Plans (SBP)
- Application of EHCPs
- Applying for additional funding from the Local Authority

Class Teachers

Class Teachers have responsibility for medium and short-term curriculum planning to meet the individual needs of the children within the class.

- Identifying and raising concerns with the Inclusion Manager / SENDCO using assessment procedures and the completion of Cause for Concern forms and register of concerns as part of their responsibility for identification of possible SEN.
- Monitoring progress and gathering evidence of barriers to learning.
- Setting and reviewing targets in Provision Maps supported by the Inclusion Manager / SENDCO.
- Implementing targets and strategies included in the Provision Map and planning for all interventions that are provided within the school, not by professional outside agencies.
- Working in collaboration and liaising with teaching assistants in executing programmes and targets included in the Provision Map.

- Informing parents about pupils' barriers to learning and strategies to be used as detailed on the Provision Map at parents' evenings.
- Liaising with the Home School Support Worker and wider inclusion team.

Support Staff

Teaching Assistants (TAs) work under the direction of the Class Teacher in the day-to-day implementation of individual programmes and have responsibility for:

- Recording progress towards intervention targets to inform the Provision Map review process.
- Providing verbal or written feedback to Class Teachers to inform the Provision Map review process as part of the Graduated Approach of 'Assess, Plan, Do, Review'.
- Providing support for learning.
- Managing pupils' behaviour.
- Building pupils' self-esteem.
- Supporting children in groups e.g. Speech and Language or individually for Sensory Circuits etc.
- Recording progress towards intervention targets to inform the Provision Map review process.
- Providing verbal or written feedback to Class Teachers to inform the Provision Map review process.
- Providing support for learning.
- Supervising the arrival and departure of children.
- Supervising children at playtimes and lunchtimes
- Assisting in the dining room
- Supporting physical activities, P.E, games, large apparatus, etc.
- Liaising with Class Teachers, Inclusion Manager and external agencies such as Physiotherapists, Speech Therapists etc.
- Carrying out speech/physiotherapy programmes as advised by outside agencies following the Class Teacher's direction. Supporting care and toileting needs.
- Reporting any maintenance problems with wheelchairs, standing frames, AFOs etc. to Inclusion Manager/SENDCO.
- Participating in the Person-Centred Annual Review (PCAR) process.
- Maintaining evidence for the EHCP folder and being an integral member of the team for transition to new provisions

Home School Support Worker

This post has a significant role related to supporting the individual needs of a number of children, who frequently, but may not, have Special Educational needs and the mental health needs of children and their families. The key role of the Home School Support Worker facilitates the working relationships between home and school and to reduce emotional barriers to learning.

Subject Leaders

Subject Leaders have the responsibility to raise awareness of SEN in their particular subjects in co-operation with the Inclusion Manager / SENDCO when developing policies, programmes of work, appropriateness of materials and when purchasing resources and to look at alternative methods for delivering teaching to meet the needs of all pupils.

Staff INSET

School based INSET and regular liaison between all staff ensures a sharing of professional expertise.

Teaching and Support Staff attend INSET as identified in the School Improvement Plan. (INSET Policy)

Training is also available via online courses such as via Educare.

All staff are expected to maintain a record of their training and update the Inclusion Manager of training that relates to areas of SEN including SEMH needs.

Visiting Therapists as part of identified EHCP provisions and/or identified medical needs.

- Physiotherapists visit the school regularly to work on programmes with children, to check equipment, to advise staff and to meet with parents as part of the NHS blocks of provision.
- Speech and Language Therapists visits the school regularly to deliver therapy and to monitor programmes.
- The Occupational Therapist visits school regularly to provide advice to staff and work with individual children and where appropriate to provide a written programme of targets and methods which can be delivered by the teaching assistants.

Outside Agencies

The school has access to the following agencies that may provide support for pupils' individual needs within school:

- Educational Psychology
- Behaviour Support Service – part of Bradfields (September 2017)
- Education Welfare Service
- Child Community Health including NELFT
- Speech and Language Therapy
- Physiotherapy
- Community Nurse via MCH
- Social Services
- Occupational Therapy
- Counsellors
- Play Therapists
- Teachers for Hearing Impaired/Visually Impaired
- 0-25 Disability Team
- Autistic Outreach teams - Marlborough Outreach/ Bradfields specialist Provision
- SSG (Medway Council)
- SENDIAS Family Action (Medway Based)
- Early Help Team (Family Solutions)
- Medway Parent and Carers Forum

IDENTIFICATION AND ASSESSMENT OF SPECIAL EDUCATIONAL NEEDS

Children's needs are identified from a range of discussions including:

- 7
- Information arising from the child's pre-school experience
-

- Baseline assessments showing what they know, understand and can do, as well as identifying learning difficulties.
- Formative Assessment.
- Information from parents.
- Information and assessments from other agencies and previously attended schools.
- Standardised assessments (NFER)
- Progress against Early Learning Goals and Assessment Levels.
- Ongoing observation and formative assessment.
- Teacher and/or parent concerns reported to Teacher/Inclusion Manager/SENDCO and tracked within school on the cause for Concern form.
- Consideration of SEN of pupils at In School Review. (ISR)

Intervention is provided at SEN Support and targets are set as part of the Provision Mapping process and linked to EHCP targets, where appropriate cognitive targets have been provided.

Intervention Tracking is a part of the Graduated Approach (Plan, Do, Review)

The school records and tracks the provision for any child receiving extra help, using Provision maps and Pupil Progress Meetings occur on a regular, termly basis and this is referred to as the 'Graduated Approach' and this draws upon frequent reviews in successive cycles to match interventions to the needs of the pupil. Following the Pupil Progress Meeting, the teacher assesses the pupil's needs, plans and implements interventions throughout the term and carries out reviews to enable updated plans to be put in place for the following term's support. Impact is monitored.

Children with an Education Health and Care Plan, or who are on the SEN register at the SEN Support level would have their support interventions identified and tracked within the Year Group provision map. Children entitled to the Pupil Premium, or those who have English as an Additional Language may require additional help, or other specific needs will also have their interventions recorded within the Provision Mapping system. EAL is not a Special Educational Needs in itself.

Most children's needs are addressed by the class/year group Provision Map, but where progress is not made as expected at the review stage, or where a higher level of intervention needs to take place, the pupil may be identified as needing an additional School Based Plan. A School Based Plan; this plan is only used where an Education Health and Care Plan is not already in place, and can stand alone. If in the future it is decided that an application for statutory assessment is then required then the school-based plan can form part of the application.

TARGETS

All targets within Provision Maps are SMART

- Specific
- Measurable
- Achievable
- Relevant
- Timed

§Strategies should include:

- Presenting material in small, manageable steps including single step instructions and incorporating 'take up' time for auditory processing of instructions.
- Ensuring over learning and regular practise of skills previously learned and planning new work on what is already known and understood.
- Giving positive, encouraging and rapid feedback.

Targets for pupils with EHCP's must also reflect the provision as detailed in the plan.

Pupils who have an EHCP will have a clear set of outcomes and targets, which sets out strategies, includes measurable targets. They may also have a Care Plan and programmes from other agencies.

Children's performance is monitored by the class teacher and their progress measured by their attainment and recorded on the school data system – Sonar.

The interventions for pupils with barriers to learning is reviewed through Pupil Progress meetings.

The interventions for pupils with an EHCP are agreed through the person-centred Annual Review, and also through Pupil Progress Meetings and whenever a new Provision Map is produced.

IN SCHOOL REVIEW (ISR)

The termly ISR identifies pupils' barriers to learning. The needs of the children are determined, provision and specific resources are agreed and pupil's needs are reviewed.

In addition to the attendance of the Inclusion Manager / SENDCO, and the Class Teacher, other professionals are invited and might include the Educational Psychologist, Speech and Language Therapist, the School Nurse etc. Parents are notified in advance that their child is going to be discussed and the outcome of the ISR is shared with parents; they are notified and the SEN Support register is amended if required. When a child's needs are unable to be fully met through SEN Support, the ISR considers a referral to outside agencies, including health, education and social care, to commence formal assessment procedures and initiate family support. The Inclusion Manager / SENDCO completes a referral form, with parents, including supporting evidence.

FORMAL ASSESSMENT PROCEDURE

If a child is not making progress and is on the SEN Support register, a discussion may take place at the ISR. For very high levels of specialised support, it may be appropriate to produce a School Based Plan where previous interventions have not been successful in moving the child on in their learning, 'closing the gap'. This plan may be used to help support an application for an Education, Health and Care Plan if further support is required. If there is enough evidence to support an application for an Education, Health and Care Plan, formal assessment procedures are initiated. The Inclusion Manager / SENDCO completes a referral form, with parents, including supporting evidence and sends it to the LA for discussion at the decision-making group. Parents can also request a formal assessment by the LA.

ANNUAL REVIEWS

Guidance is in accordance with the Code of Practice. Children with EHCPs have a review annually. Children in the Nursery setting who have an EHCP will have 2 reviews a year until

they are 5. Parents are invited to the Annual Review in addition to the professionals involved in meeting a child's needs, and contributions will be included in the Annual Review. Class teachers and/or LSAs are invited to attend the meeting to give an accurate report of how the child's difficulties present in the classroom and how they incorporate the EHCP targets into their teaching. Class Teachers provide a report on progress, focusing on pupil progress linked to individual targets as detailed in the Statement. Pupils are encouraged to be involved in target setting and also have a form to complete at home or at school for their contribution to the Annual Review. Parents / carers have a form to complete at home as well to enable their contribution to be fully included. The Inclusion Manager / SENDCO writes the Annual Review, which is sent with the reports to LA and to parents. Outside agencies involved with the child are invited to attend the Annual Review meeting, but if they are unable to attend they will complete a report to be shared with parents.

Evaluating the effectiveness of SEN Provision

We evaluate the effectiveness of provision for pupils with SEN by:

- Reviewing pupil's individual progress towards their goals
- Reviewing the impact of interventions termly, which form part of the discussion for pupil progress meetings
- Monitoring by the SENDCO
- Holding annual reviews for pupils with an EHCP

RECORDS

A copy of the SEN register is available via SIMS

The Inclusion Manager / SENDCO liaise with Middle and Senior Leaders for the development of appropriate interventions.

Copies of external agencies' reports (Hearing, Visual, Speech and Language Therapy reports) will be kept in the class' SEN Folder with a copy also being kept in the individual pupil folders (electronically).

The Inclusion Manager / SENDCO keep a copy of all EHCPs and Annual Reviews; electronic copies are also stored.

Where relevant, teaching assistants will retain reports in their EHCP folders as part of their individualised support for their named child.

USE OF ASSESSMENT:

- Teachers will use the outcomes of assessment to summarise, analyse attainment and progress for their pupils and classes
- Teachers will use data to plan the learning for every pupil to ensure they meet or exceed expectations. Teachers and leaders across Twydall Primary School will analyse the data across the school to ensure that pupils identified as Disadvantaged or at particular risk, will be making appropriate progress and that all pupils are appropriately challenged
- The information from assessment (formative feedback) will be communicated to pupils and parents three times a year, through a meaningful conversation. Parents and pupils will receive detailed, qualitative profiles of what has been achieved and next steps for learning

- We will celebrate all achievements across a broad and balanced curriculum, including sport, art and performance, behaviour and social and emotional development
- Twydall Primary School assessment tracking system is via Sonar. Attainment and progress is tracked termly and reported to staff and governors.

PARENTAL INVOLVEMENT

The school has a commitment to working with parents/carers and they are involved in discussion regarding the following:

1. Relevant background to barriers to learning
2. The content of Provision Maps
3. Level of support and the staff delivering the support e.g. in class, small groups
4. Ways in which they can help their child in targeted areas:
 - Parents are kept informed of their child's level of special educational need at the parent/teacher meetings and by letter.
 - Parents are invited to contact school and speak with the class teacher or Inclusion Manager / SENDCO to discuss their child's special educational needs should there be any concerns.
 - Involvement of and referrals to outside Agencies will only occur after discussions with parents.
 - Parents of children with EHCPs will receive a letter inviting them to attend Annual Review meetings.
 - Any involvement with outside agencies will only occur after discussion with parents/carers.
 - The Inclusion Manager / SENDCO is involved in discussion with parents/carers about secondary transfer procedures and complies with LA directives with regards to the secondary transfer for pupils with Education, Health and care Plans.
 - Parents may also discuss whether counselling on a range of issues, e.g. bereavement, family break up, self-esteem, etc would be appropriate for their child. These discussions are undertaken with the Home School Support Worker and follow a tiered approach to therapy. Some children may require a more specialist counselling provision. Twydall Primary School can provide SEMH help via small group and 1:1 provisions. We are able to provide some therapies/counselling services from within school but we also work closely with external play therapists.
 - The school is required to publish its SEND Information which can be found on Twydall Primary School's website. This document is reviewed regularly and renewed annually.

CHILDREN WHO ARE LOOKED AFTER

Twydall Primary School promotes the wellbeing and achievement for CLA children by:

- Attending Personal Education Plan meetings
- Attending LAC Reviews
- Reporting to the appropriate LA when required
- Conducting PEP meetings in liaison with children's services from other authorities

Moving onto the next school year, phase or key stage, including links with other schools

- Meetings with Year 6 pupils' parents/carers, Head teacher and Year 6 teachers
- Meetings between Inclusion Manager / SENDCO and parents of Year 5 pupils with EHCPs Needs so parental preferences can be completed by the timeline set by Medway SEN team.
- Liaison meetings with Year 6 and Year 7 teachers and Inclusion Manager / SENDCO
- Liaison with Special Schools as appropriate
- Secondary SENDCOs invited to Year 6 EHCP pupils' Annual Reviews
- Transition groups run by the Home School Support Worker and developed in consultation with the Inclusion Manager and the Transition coordinator.
- Additional transition work will be carried out with those children who have been identified by staff as being vulnerable to change to ensure a smooth transition.

RESOURCES

The resources for accommodation of individual differences will be in the curricular resources of the school.

Staff make and adapt materials as appropriate.

We endeavour to maintain the level of special equipment

Resources are kept in individual classrooms in addition to individual children's specific equipment.

Literacy and Numeracy SEN resources, together with small, additional equipment are kept in central resource rooms.

A variety of special equipment is available in school for our pupils with physical disabilities, including:

Standing frames, specialised seating, ICT switches, sloping desks, varia-tec tables, pencil grips, specially adapted scissors, art tools and PE equipment, hoists and specialist toilet seats.

Links with other policies

This policy should be read in conjunction with the following policies:

- Behaviour for Learning Policy
- Single Equality Policy
- Supporting pupils with medical needs
- Safeguarding Policy
- Wellbeing Policy

Additional information related to the Local Authority's SEN Local Offer can be found via the council website or using the following link <https://www.medway.gov.uk/info/200307/local-offer>

POLICY REVIEW

The Policy will be reviewed within the school's cycle of policy review.
